WORK EXPERIENCE:

Social Media Coordinator – TechCentera

Karachi, Pakistan | September 2026 – Present

- Manage social media content scheduling and publishing for community building across company platforms.
- Manage the founder's LinkedIn personal brand, contributing to 14% follower growth in the first month.
- Write LinkedIn articles and posts on AI and automation while building a targeted network of US-based founders and decision-makers.
- Build the company's Reddit presence through relevant industry (Saas, healthtech, fintech, software development & AI) discussions; some posts and comments generated up to 2K impressions.

Digital Marketing Executive - ARSN Digital Media

Karachi, Pakistan | October 2026 – Present

- Managed Meta Ads campaigns and content calendars for 20+ clients across 15+ industries, including real estate, e-commerce, healthcare and insurance.
- Reduced a food brand's cost per WhatsApp enquiry by 56% through ad optimisation and clearer messaging.
- Generated e-commerce enquiries at PKR 6.97 each and introduced price filters and a one-tap order button to support conversions.
- Developed a qualifying lead form for a life insurance client and identified lead quality and follow-up gaps.
- Reviewed e-commerce campaign performance, identified a ROAS of 3.5 against a 6.7 break-even target, and outlined an 8-week optimisation plan.
- Planned a 16-week, PKR 4M multi-channel launch for a new flour brand, covering budgets, channels, creatives and creator partnerships.
- Prepared weekly performance reports covering CPL, cost per sale and ROAS. Developed the marketing strategies and agency's client onboarding briefs.

B2B Sales & Marketing Professional – Self-Employed

Karachi, Pakistan | September 2022 – August 2026

- Managed digital marketing and B2B sales for custom-printed promotional apparel and corporate uniforms, serving national and international clients.
- Generated 728 WhatsApp enquiries through Meta Ads, supporting B2B lead generation and client acquisition.
- Reduced cost per enquiry by 43% through equal-budget Meta Ads creative testing and campaign performance analysis.
- Created product catalogues, promotional creatives and product videos to support brand visibility, lead generation and sales outreach.
- Managed client relationships, enquiry follow-ups, quotations, pricing, costing, supplier coordination, sourcing and production operations.

SELECTED PROJECTS

Shoephoria – E-commerce Footwear Brand | June 2024 – August 2024

Managed Instagram content, product photography, short-form videos and paid advertising, developing a catalogue-style feed to showcase product styles, colour options, new arrivals and offers.

30-Day Content Creation Project – @owi_thoughts | September 2025

Planned and published 30 consecutive daily personal reels across Instagram and TikTok, generating 12K+ profile views, with the best-performing reel exceeding 3K views.

Influencio – Influencer Marketing Platform Concept | Final-Year University Project

Collaborated in a six-member team to develop a subscription-based influencer discovery platform for SMEs and agencies, supported by a website prototype, competitor analysis, a respondent market survey and first-year financial projections.

Research Paper – Influencer-Endorsed Brands and Purchase Intention | Iqra University

Co-authored a study of 505 social media users using PLS-SEM (SmartPLS 4), examining how influencer expertise, entertainment, trustworthiness and engagement relate to brand attitudes and purchase intention.
